The screenshot shows the Atlantis dashboard interface. The top navigation bar is purple and contains the Atlantis logo, a search bar, and user profile information. The left sidebar shows the user 'Fakhr Administrator' and a 'COMPONENTS' menu with 'Data' selected. The main content area is titled 'Data' and 'Data Siswa Baru'. It features a table with columns: NoReg, Nama, JK, Alamat, Agama, Asal Sekolah, and Jurusan. A search filter 'Aditya' is applied to the 'Nama' column, resulting in one entry being displayed. The table entry is: NoReg: 9, Nama: Aditya, JK: Laki-laki, Alamat: Palembang, Agama: Islam, Asal Sekolah: SMA Adabiyah, Jurusan: IPA (Ilmu Pengetahuan Alam). The table also includes edit and delete icons for each row. Below the table, it says 'Showing 1 to 1 of 1 entries (filtered from 9 total entries)'. The footer contains 'ThemeKita Help Licenses' and '2019, made with ❤️ by ThemeKita'.
